Deadline: 7.11.16

Thought for the Week

School Lunch Menu

This week is **Week 1** of the menu.

Our [School Menu](#) is available on our website.

Early Writing Workshop

Thank you to the reception parent/carers who attended the Early Writing workshop on Thursday morning. It was great to see so many of you there! We looked at the stages of Early Writing and talked about how you can support your child at home through exciting activities and lots of praise. If you were unable to attend this workshop but would like further information or support, please see Miss Peel. Thanks again and we look forward to seeing you at the next workshop!

Miss Peel

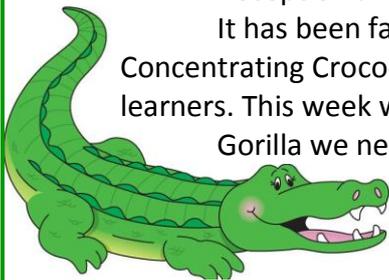

Learning Powers

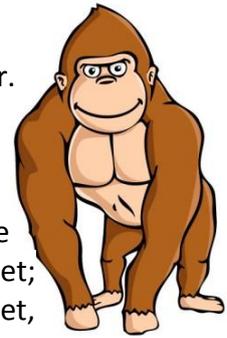

Every week we are focusing on a different Learning Power in school.

Reception and KS1 have assigned characters to each learning power.

It has been fantastic to see so many children working hard to be Concentrating Crocodiles! These are skills that help us to become fantastic learners. This week we learnt about the Go For It Gorilla. To be a Go For It

Gorilla we need to try new things, try our best even when things are tricky and remember to have a growth mindset; if we can't do something, we just can't do it yet, with practise and hard work we can succeed!

Please encourage your child to be a Go For It Gorilla at home and praise them when they are!

From next week, we will inform you which learning power we will be concentrating on in school so that you can practise the skills at home with your child.

Grammar and Punctuation Workshop

On Thursday 3rd November at 2.30pm, our Writing Leader, Miss Kingston, will be holding a Grammar and Punctuation Parent Information Session. This session will outline how grammar and punctuation is being taught at Park and will give you ideas about how you can support your child at home. The session will be held in the dining hall, please enter the building through the main entrance.

Please note that this workshop is a repeat of the workshop held on Thursday 29th September.

Year 6 Geography Learning

On Thursday 29th September Year 6 went to West Ham Park to do some map work on coordinates as well as finding some leaves for the Royal Botanical Society to identify.

Across the week last week, Year 6 visited Carpenters Lock to look at how the waterways have developed over time and the impact of the redevelopment.
