School Lunch Menu

This week is **Week 2** of the menu.

Our [School Menu](#) is available on our website.

Care in Action

At Park our value of Confidence, Creativity and Care permeate all that we do. We were therefore very proud to hear about two of our thoughtful children demonstrating 'Care' out of school too.

A brother and sister from Year 1 and Year 5 visited Royal London Hospital to thank the doctors, nurses and air ambulance crew who assisted during the tragic London Bridge and Grenfell Tower incidents. They presented the staff with chocolates and cards.

Staffing News

As the end of term fast approaches we are preparing to say goodbye to a few of our wonderful staff as they head to pastures new.

Mrs Cunningham is re-training to become an aromatherapist and intends to continue working on art projects for children and families.

Mr Davies is relocating out of London to live out in the country.

Mr Johal is looking forward to a new challenge in a Newham school close to where he grew up.

Miss Kingston is returning home to teach in Somerset.

Miss Moloney is flying to the other side of the world to teach in an international school in Dubai.

Miss Peel is moving out of London, however she will still be working with us for a few days each week to continue with Forest School.

Mr Smith is moving to Cardiff to take up an Assistant Head and Year 6 teaching post.

Mr Wimpres is crossing the water to the Emerald Isle.

In the coming weeks, we will say goodbye and thank you to our departing staff and will introduce you to the new staff joining us.

Park Primary PTA

FUNDAY!

SATURDAY 8th JULY 12pm - 4pm

TEDDY & BOOK TOMBOLA

Please donate clean teddies and soft toys and undamaged children's books for our 'Teddy & Book Tombola'. Please bring them into the school office as soon as possible.

CAKES AND SNACKS

Please make some delicious homemade cakes and savoury snacks, (pastries, samosas and pakoras) for us to sell to raise money. You can bring them into school on Friday 7th July.

Come to Funday for lunch! We have a sizzling Barbeque, Farwa's Fabulous Biryani Stall, delicious savoury snacks and cakes, freshly popped popcorn and cool drinks.

Stay for some fun! We have Bouncy Castles, Tombola, Hook-a-Duck, Lucky Dip, Face Painting, Shoot the Goal, Big Prize Raffle, Coconut Shy and much more!

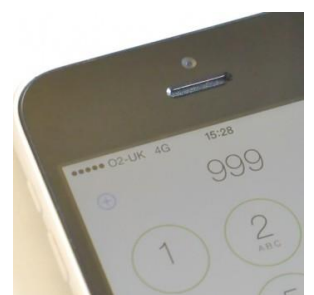

We need volunteers to look after Stalls and Games. Can you do face painting, sell cakes or help with games to raise money? All the money that the PTA raises at Funday buys books, playground and classroom equipment, activities, events and outings for your children. Please come along and help us support Park Primary!

Life Saver!

One of our brave children in Reception came to the rescue by summoning help when her mum collapsed on the floor. Amarah calmly picked up her mum's mobile and contacted her aunt to come and help. Thankfully Amarah and her mum are both absolutely fine.

Please to talk to your child about what they should do in an emergency.

They should know their address and how to use the phone to call for help if needed. Role playing how to call 999 will help your child to feel confident should they ever need to call.

6 th	<ul style="list-style-type: none"> Children start back to school

Head Lice

Head lice is a topic that regularly crops up in schools. It is important to remember that head lice is a problem for the whole community and not just schools. It is also important to bear in mind that head lice do not cause serious health problems.

The best way of controlling them is by early detection. To do this, families need to be checking their hair on a regular basis, preferably each week.

- Detect using a plastic fine tooth lice detection comb. Hair can be dry or damp but damp hair helps prevent the lice arching off with static. For very thick hair, the use of conditioner may help. Hold the comb at a 45° angle and comb small sections of hair at a time. It takes 10-15 minutes per head to check effectively.
- Only treat members of the family on which a living louse has been found.
- For treatment advice see your community pharmacist, GP, Practice Nurse, Health Visitor or School Nurse.
- Treat twice with a 7 day gap between treatments and using the same lotion- this should kill any lice that have hatched since the first treatment before they are mature enough to lay more eggs (nits).
- Detection combing should be done between the 2 treatments and at 3-4 day intervals after treatment is complete for 2 weeks. If a living louse is found following the second treatment, consult one of the professionals listed above.

Whilst professionals (education and health) provide advice and support, they cannot enforce treatment. Detection and treatment is a parental responsibility. Hopefully this information will help you.

If you need further advice on this or any other health topic please contact Irene Robertson, our school nurse via the office.

If your child has long hair please encourage them to keep it tied back.
