## An end of year reflection from the Head Teacher July 2019

This year we have continued to strive so that every child has the opportunity to achieve their best whilst enjoying their time at school every day.

Once again, in 2019, our end of key stage headline results are competitive (ie very good) when compared with national results and our children make very good progress but in addition to these measures our children achieve in other areas. We continue to enrich the children's provision through extra-curricular activities, varied and exciting visits, opportunities to shine on stage (and off) as well as just generally committing to ensuring that the children are exposed to engaging learning opportunities, in all areas of the curriculum, facilitated by excellent staff who genuinely care.

We always seek out the value in each individual and, through seeing their potential and expecting the very best, all children are given the chance to rise to the challenge of achieving well against every measure. (More detailed information on our most recent attainment in the national curriculum tests will be presented - in due course - on the website).

We are so proud of everyone in our community but it would be wrong not to mention here those who are leaving us today. Whether adult or young person we wish you well in all you do and we hope that Park has contributed well to your life's journey. Our leavers depart ready to take on the next stage of their learning, careers and life and they do so, equipped with the confidence and kindness to tackle the challenges along the way.

This year, it has to be said that, our greatest achievement is in opening an offsite nursery which has been a Park dream for many years. We believe this offers you, our community, choice in a way that we have never been able to before.

Next year we will embrace the further challenges that the year will bring and we will build on this year's success whilst maintaining our focus on aspiring creatively with a confident and caring approach. We will continue to work with you, our community, to ensure that the ethos and spirit which is the very essence of Park is maintained.

No doubt, the 19-20 academic year will bring challenges but if we continue to work together and to focus on what is important, (that is a safe and happy environment in which our children can thrive) we will rise to the challenge and continue to succeed in the future.

Many thanks for your continued support. We wish you a happy and healthy holiday. We look forward to seeing you on Wednesday 4<sup>th</sup> September 2019

Warmest regards,

Natasha Ttofalli
